The Gracewood

— COMMUNITY —

“We wanted to start a new lifestyle, free from the challenges of owning and looking after our own home. Gracewood ticked all the boxes.”

For a start, there’s modern apartment living

The Gracewood Community is ultra-modern apartment living for independent seniors offering a choice of 1, 2 and 3 bedroom apartments.

Each apartment is spacious and includes age-friendly features, large open-plan living, dining areas and balcony. Most also have a study.

**“It’s a vibrant community
of like-minded individuals
where everything
is at your fingertips.”**

Start every day healthy and happy

At The Gracewood Community we provide facilities for your wellbeing and social connection. These include a Wellness Centre with lap pool and spa, lounge area, gym, library, hair salon and medical rooms and a club house with dining room, movie and games rooms. Our rural setting beside the Cumberland Forest gives us lovely walking paths and gardens.

“With so many choices of care services, leisure and living styles, you can fine-tune the way you live.”

Start with a better standard of care

The Gracewood Community offers a choice in the level of care services you might require. A suite of on-site in-home and aged care services can be tailored to your specific needs.

The Gracewood Community is owned and run by Baptist Community Services, a not-for-profit organisation and one of the largest providers of in-home and residential services for seniors in NSW and the ACT.

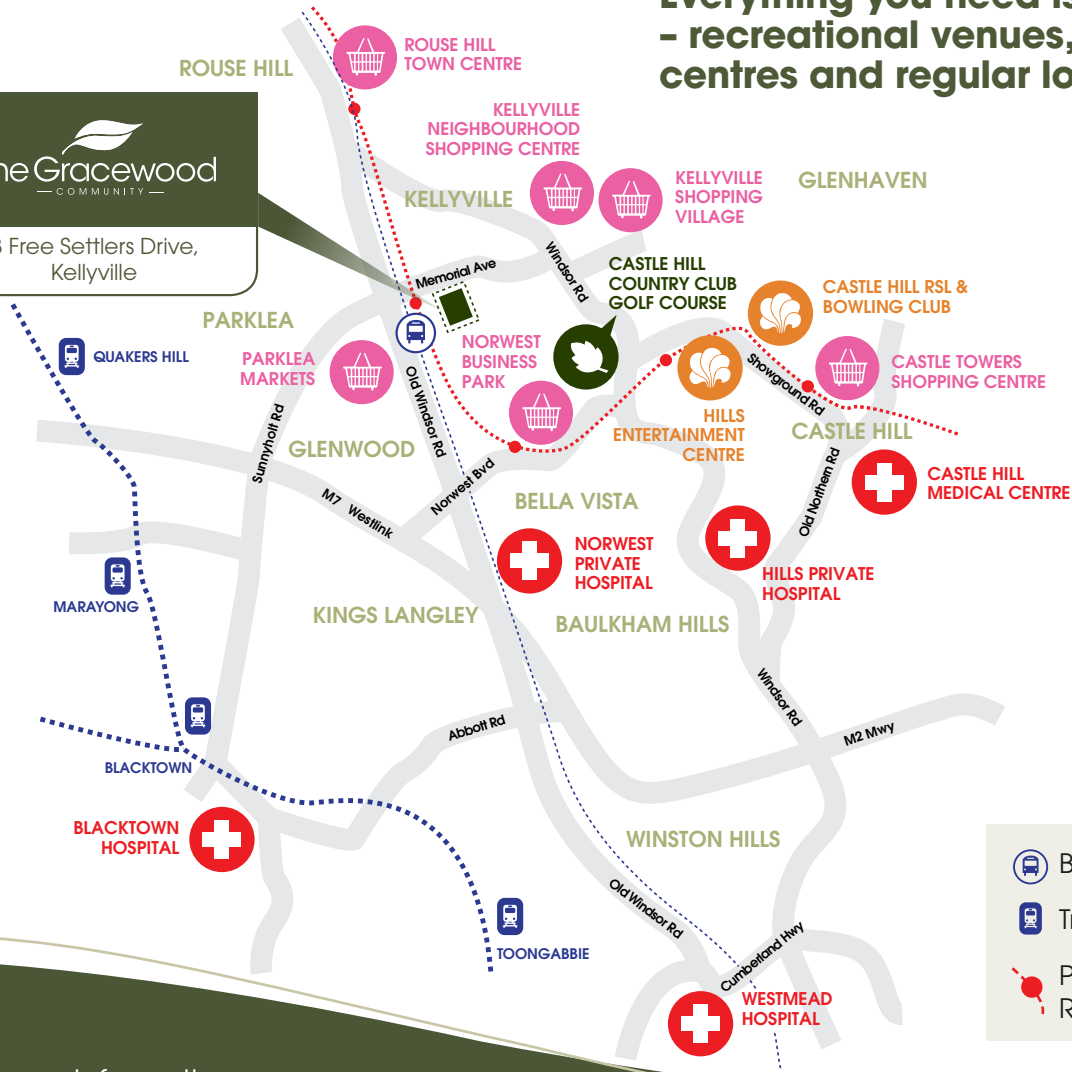

“We are so pleased we made the move when we did while we were still young enough to enjoy it.”

Wouldn't it be reassuring to know that your next decision regarding retirement living is the right one?

Gracewood is the new retirement community that offers you better choices of how you want to live and what services you would like us to provide. This is modern retirement living, with the emphasis on living.

Everything you need is close by
 - recreational venues, shopping centres and regular local transport
