MEDICAL CENTRE - Botanical Village

UNLOCK THE POTENTIAL OF A THRIVING MEDICAL HUB IN BOTANICAL VILLAGE

The Medical Centre at Botanical Village offers an exceptional opportunity to establish or expand your practice in one of the region's most dynamic growth corridors. Botanical Village is due to open in early 2026 with a Coles anchor and 22 specialty stores including a Direct Chemist Outlet.

Botanical Village will be the convenience hub for this region and is centrally located next to Mickleham South Community Centre and opposite Yubup Primary School.

Strong Local Demand

Currently, there are 9 medical centres operating within the Mickleham/Craigieburn area, (only 2 in the primary trade area), collectively accommodating 61 General Practitioners (GPs).

However, according to the Department of Health's 2021 'GP Workforce Statistics', the region falls significantly short of meeting current and future healthcare needs.

2021: With a population of 67,170 and a recommended provision rate of 11.8 GP's per 10,000 people, the area requires 79 GP's—an immediate shortfall of 18 GP's.

2026 Forecast: Population growth will drive demand to 107 GP's—representing a required increase of 46 GPs.

2036 Forecast: The projected need rises to 151 GP's, reflecting a significant shortfall of 90 GP's.

These figures underscore the strong, growing, and sustained need for medical services in the area—making this an ideal time to secure your space in the Medical Centre at Botanical Village.

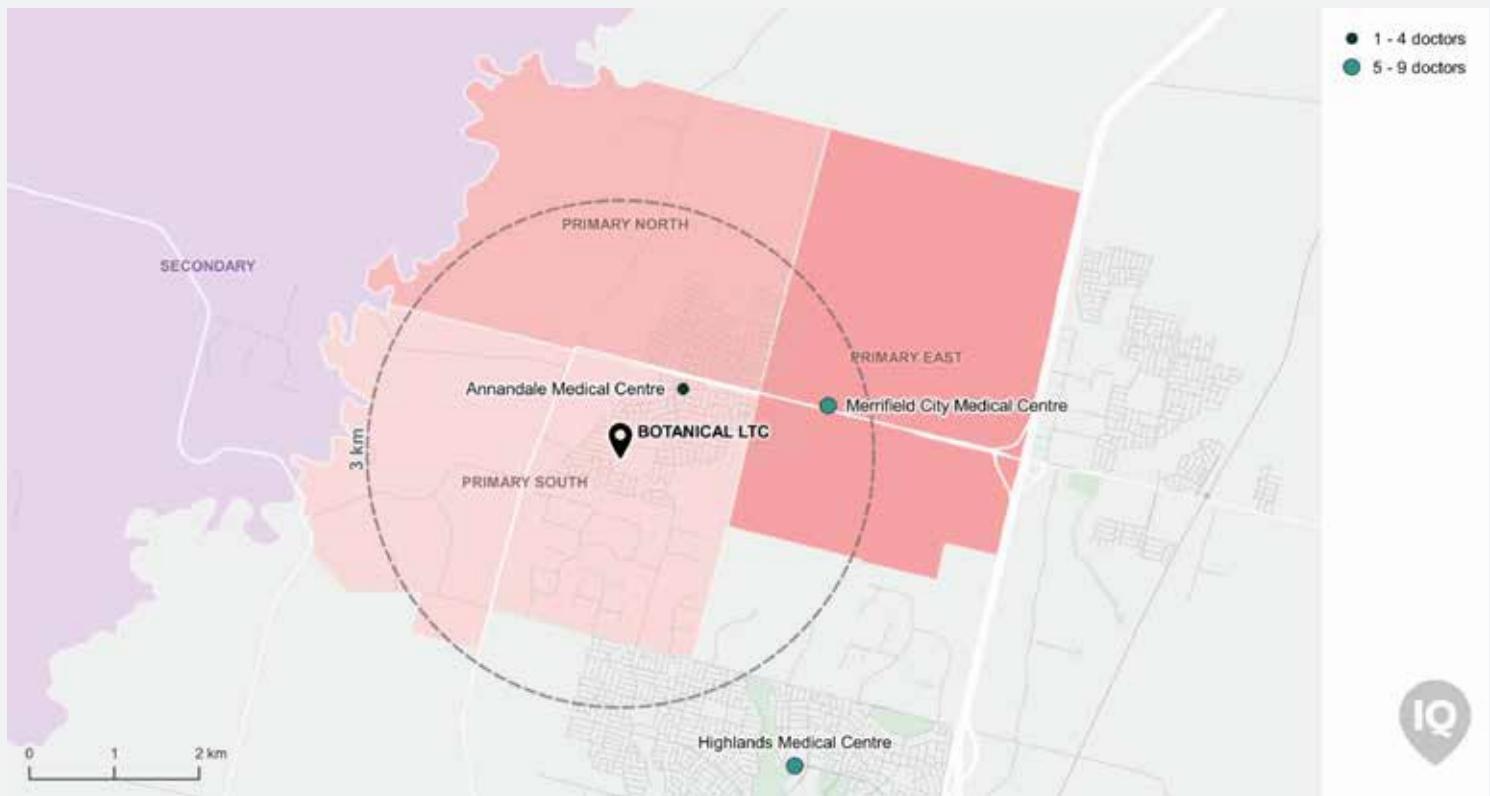

Opportunities Beyond General Practice

To further enhance patient experience and meet community needs, the inclusion of complementary Allied Health services is also strongly encouraged. Potential services include physiotherapy, psychology, podiatry, dietetics, and more—creating a holistic and integrated healthcare destination that supports long-term patient loyalty.
