Shop C1, Promenade West
Circular Quay, Sydney

ABOUT THE LOCATION

Circular Quay epitomises our waterfront city.

Set on Sydney Cove, between Bennelong Point and The Rocks, it accentuates both the Harbour Bridge and Opera House.

Its proximity to both the main artery of George Street, Macquarie Street, and the Circular Quay wharves allows for terrific access to the many tourists, office workers and residents that visit Circular Quay each year. With its proximity to the city and the significance of the precinct, there are few places that allow for this kind of opportunity.

Place Management NSW, a NSW Government agency, is dedicated to activating and growing this area for the benefit of tenants, visitors, and the people of NSW.
