KING WILLIAM STREET
ADELAIDE

About the landlord

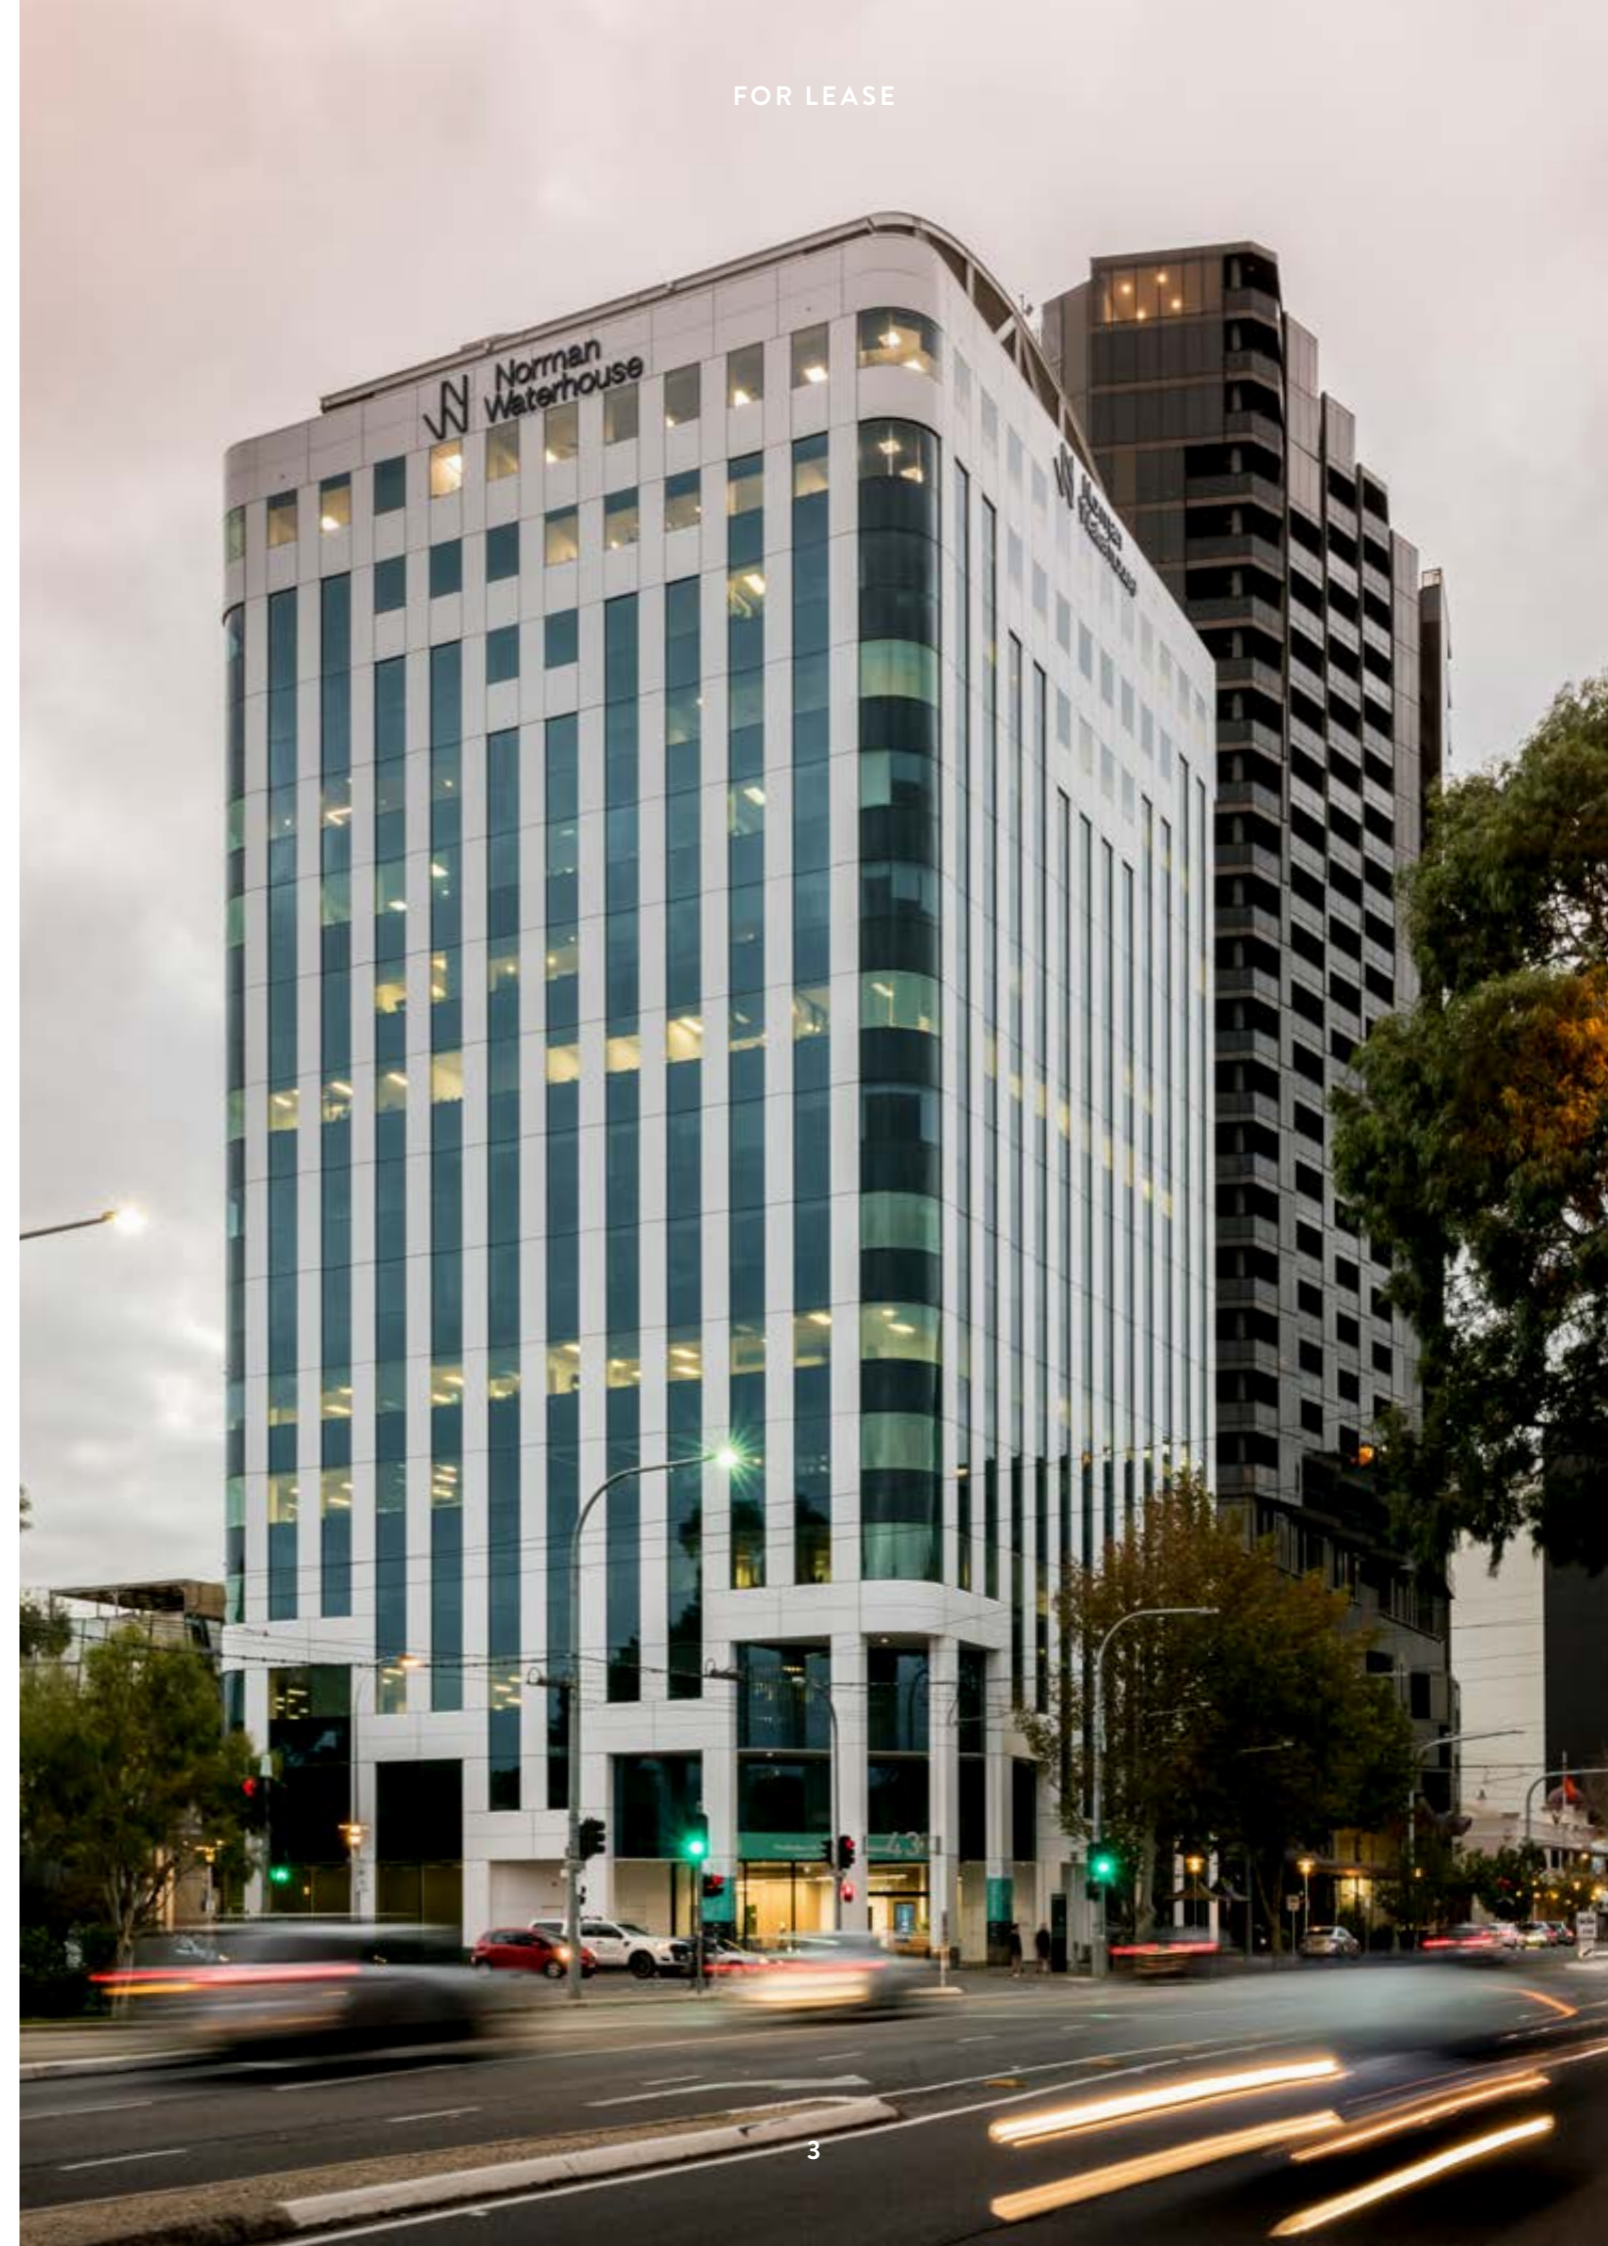

Quintessential Equity focuses on commercial office, industrial and development properties in CBDs and other strategic locations across Australia.

We pride ourselves on our ability to achieve exceptional results by taking a hands-on approach to all our assets and to the relationships we maintain with our tenants. Our team at Quintessential Equity has a collective passion for property and customer service.

We're proud to call our tenants our clients and we believe meaningful and lasting relationships are built on open and transparent communication. Without clients we do not have a business.

We deeply believe that as landlords it is our job to provide the highest customer service to our clients and business partners, as only by having this commitment can we become the landlord or developer of choice.

We aim to provide a high standard of comfort conditions so our clients can focus on running their business.
After all, our clients' success is our success.

Position with prestige

One of Adelaide's most prominent buildings,
431 King William Street combines a city gateway
location with an optimum working environment.

Positioned on the corner of King William Street and South Terrace,
this iconic business address overlooks the Adelaide parklands.
Purchased by Quintessential Equity in December 2018, the building
has recently completed a comprehensive upgrade program,
positioning it as the benchmark of quality and style.

Building highlights

Incoming tenants at 431 King William Street will enjoy exceptional office accommodation in a location that offers easy access to a wide range of lifestyle options.

The views are good which everyone enjoys and also the work that QE is doing to the building with painting of the façade, upgrade of the mechanical, the foyer and really good EOT facilities are a really great outcome for everyone working here and for our clients.

QE has been great to work with during the process, we had a very tight deadline to get in, they were with us every step of the way and allowed us to achieve our operational outcomes as well as getting in on budget and on time.

Turn-key fitouts

We understand that property is not the core business of our tenants and that is why Quintessential Equity can offer the services of providing a turnkey solution so that you don't have to worry about the overwhelming task of constructing a fitout.

Norman Waterhouse fit out

From negotiating the lease, to designing the tenancy fit out, to moving into our modern and bright new tenancy, Quintessential Equity worked collaboratively and supported the Group of Eight in making the tenancy relocation as seamless as possible at every step.

Tenant, 10 Moore Street, Canberra.

Compared to others, the main way Quintessential Equity set itself apart was by its professionalism and customer focus to achieve a successful integrated fit out with a base building refurbishment.

Fitout Process

We make this process as seamless as possible by:

Introducing our designer at the tenant inspection to understand your requirements

Providing test fit options as required

Tenancy Lease Execution

Preparing design and service drawings for tender

Appointing a contractor to complete the fitout

Managing the fitout works from mobilisation to your relocation date

We can offer financial convenience by funding the fitout works with your allocated incentive- each agreement to be assessed on a case by case basis.

Whilst Quintessential Equity welcomes your input and involvement into the project this is at your discretion and you can simply be as involved as you choose throughout the process.
