“Moving our growing business in 2016 from Burpengary to Lakes Vista in North Lakes was the best decision we made. High-speed fibre internet was just the beginning. With its manicured landscaping and contemporary architecture, the complex provides a relaxed but sophisticated ambience to match our company’s image. Clients and staff enjoy easy access to both sides of the highway and an abundance of underground parking. With an array of local shops and services just minutes away, and a stylish café in the complex, we are spoilt for choice”
